RE: 5-PIN INDY CROSS
Control No: 61- 320- 6104(K)

Dear Mr. Hyman:

On February 17, 2006, the Copyright Office sent you a letter inquiring about the work **5-PIN INDY CROSS** for which a second request for reconsideration had been submitted. The Review Board had considered this work and had agreed with the Examining Division that the work does represent copyrightable authorship. However, another issue remained to be addressed. This work, first published [according to the application form submitted for it] in December, 1978, had to have carried a statutorily correct copyright notice in order for it to be protected by copyright. Please see our enclosed letter of February 17, 2006 explaining the need for us to see materials showing a copy of the work as first published in December, 1978, and bearing an adequate copyright notice.

We had asked for a response to our letter by March 31, 2006. We have recently made a check of our receipts and have not found any response from you in this matter. As we indicated in our February 17, 2006 letter, having received no copy representing the first-published form and also showing the required copyright notice, we are closing the case in this matter. We consider this letter a final agency action.

Sincerely

/S/

Nanette Petruzzelli
