Accessing Patent Records

Patent Files

Patents issued prior to 1836 (known as "reconstructed" or "X" patents) are in the custody of the Cartographic and Architectural unit at Archives II (Room 3000)

All other patents are stored offsite in Lenexa, Missouri. We have permanently shifted the custody of material in Missouri to our Kansas City branch. You will want to e-mail Lori Cox- Paul (lori.cox-paul@nara.gov) and Christopher Magee (Christopher.Magee@nara.gov) for information about those records. If you wish to view the records, you will have to travel to Kansas City. For more information about Kansas City, please see: http://www.archives.gov/central-plains/kansas-city

Patents after 3,399,370 are still in the Custody of the United States Patent and Trademark Office. (http://www.uspto.gov) You can search online at: http://patft.uspto.gov/
You may also search at Google Patent: https://www.google.com/?tbm=pts&hl=en

Patent Drawings

Original patent drawings from 1836 to 1911 are in the custody of the Cartographic and Architectural unit (Room 3000)

After 1911, NARA only has the printed copies of drawings that were filed with the entire patent file
